report date 28 Apr 2011

Yarding 3475

comparison date 21/04/2011

Change 0

There was an excellent quality yarding of weaners at Roberts Ltd third sale of the autumn. The vast majority were Angus and most competition came from Tasmanian restockers and back grounders. There was only limited Victorian competition. Most steers sold to a firm market while the heifer sale was slightly cheaper as almost all remained in Tasmania which is good for the local industry.

The small run of light Angus steers averaged \$617/head as the medium weights ranged mostly from \$730 to \$816/head or an estimated 273c to 297c/kg lwt. The Hereford portion sold mainly from \$718 to \$810/head or an estimated 270c to 292c/kg lwt. The top of the heavy Angus weaner steers reached \$985 to average \$908/head.

Most of the weaner heifers were medium weight Angus selling from \$571 to \$708/head or an estimated 233c to 237c/kg lwt. The medium weight Herefords sold from \$575 to \$700/head. Heavy Angus heifers reached \$855 to average \$818/head.
