There was an excellent yarding of weaners presented at the second Elders autumn sale. Competition was strong from all local restockers and backgrounders while there was very limited interstate competition. The local season is so good that many producers have more feed than cattle and are looking to rebuild herds. The vast majority of weaners were straight Angus bred.

The light Angus weaner steers ranged from \$630 to 650/head. The medium weight Angus made mostly made from \$732 to \$807/head or an estimated 271c to 294c/kg lwt. The heavy Angus topped at \$965 to average \$884/head. There were very few other breeds but some Murray Grey medium weights ranged from \$720 to \$740/head.

The light Angus weaner heifers averaged \$544/head as the medium weights ranged from \$622 to \$747/head or an estimated 242c to 260c/kg lwt. Heavy weights reached \$840/head.

Category	Breed	Sub Breed	Muscle Score	Fat Score	Head	Low c/kg	High c/kg	Average c/kg	Low \$/head	High \$/head	Average \$/head
