

Detailed saleyard report - cattle

Market information provided by MLA's National Livestock Reporting Service

Shepparton

report date 24 Jan 2012

Yarding Change ¹²¹⁰
-790

comparison date 17/01/2012

A much smaller yarding with only 470 trade cattle and 740 export cattle penned. The quality of the trade cattle was fairly plain however the tighter supply kept prices generally firm on the better lines, while yearling heifers lost the gains of last week. The export grades dropped by a further 2c to 11c/kg.

The majority of vealers made from 185c to 220c, with some light weight calves returning to the paddock making to 237.6c/kg. The yearling steers made from 180c to 218c to average 191c/kg. The yearling heifer portion was not as well conditioned as last week and prices ranged from 158c to 192c which was 10c to 15c/kg lower.

The heavy steer C3 and C4 grades were 11c down and made from 155c to 186c/kg. The bullocks made to 175c/kg. The D2 and D3 Friesian cows were 2c cheaper, while the rough D1 dairy cows were up to 10c/kg lower. The dairy cows made from 112c to 135c/kg. There were some excellent lines of very heavy high yielding beef cows offered, however were not able to hold prices as they also came back by 5c to 10c/kg. Heavy beef cows made from 121c to 157c to average 138c/kg.
